**A Publication of Central Oklahoma Classic Chevy Club    January 2024**

Welcome to 2024! This new year is going to be a great one! This year is open to new possibilities. May we all enjoy!

New editor here. If perchance you have an article or item of interest that you wish to share with other members, feel free to get them to me and I will include them for all to be entertained.

In the month of November 2023, the Ladies Choice recognition was Greg & Sherrel Porter's 1955 red & white Bel Air. Photos and a short story about the car will appear at a later date.

Important upcoming dates:

May meeting will be held on May 5th instead of Mother's Day

Fall Foliage November 1st to 3rd, Locust Grove, OK

Christmas party on December 7th

Shirley Bynam and her friend Linda lead a very nice group of classics and generic cars on a dinner cruise on January 6 to Okarche to eat at Eischen's Bar. There were faces new to us and faces we hadn't seen for a while.

The leader lead us from Mustang road and highway 152 over west to as far as Binger and up to Hinton and back east to 81 highway and on north to Okarche. Those members in attendance were Doug & Carolyn Bradsher with 2 guests, Junior & Lynn Cradduck, Rodney & Martha Duerksen, Dale & Lisa Kosa, Tom & Teresa Linn-Lim, Joe & Donna McIninch, Ken Monroe, Terry & Kay Simpson, Ruth & Eddie Watts, Billy & Loreta West. There were guests John & Darlene with Tom & Teresa, another couple with Dale & Lisa. In the cruise was a beautiful 54 chevy and beautiful 59 chevy. I'm sure that I missed someone.

Shirley handed out door prizes and drew a ticket for the leader of the next dinner cruise. The member drawn for leading the next dinner cruise was Rodney Duerksen. I'm sure that Rodney will have a great dinner cruise for us in the next month.

There were lots of fried chicken being passed around the tables. It looked like everyone was enjoying the time spent with others and their food.

Thanks, Shirley, for a wonderful day spent with friends. The weather that you ordered was beautiful! Good Job!

My first issue is a little discombulated but I promise it will be better as I get to remember how the program works. Please bear with me.
